CHESS'N MATH ASSOCIATION

701 Mt. Pleasant Road Toronto, ON M4S 2N4

Web: www.chess-math.org

E: toronto@chess-math.org

The Chess 'n Math Association, a Canada-wide non-profit organization dedicated to bringing the game of chess to children provides lessons for students 6-16 years of age. Studies show that children who learn chess show rapid improvements in mathematics, reading, spatial awareness, visualization, focus, social skills and much more. Our lessons are tailored for beginner to advanced students and our small class sizes (maximum of 12 students) allow for quality instruction. Certificates indicating the level achieved are awarded at the end of each course, and the best part is... ***children learn through play!***
